

**CEAUSTRALIA®**

**Your supplier let you down ...  
Production about to stop ...  
Looking for a Company who can help  
you find what you need .... FAST?  
**Let CE help!****

For over 20 years **CE Australia** has established a global network of suppliers to offer our customers a  
**“One Stop Procurement Solution”**

With offices in Queensland, New South Wales and Victoria, we have access to a broad range of electronic components including over \$500 million worth of excess inventory.

Pre-qualifying our suppliers guarantees you the highest quality standards.

Our commitment to **locate and deliver fast**, has been recognised by many Original Equipment Manufacturers, Contract Manufacturers, Circuit Assemblers, Independent Distributors as well as Franchised Distributors.

We are specialised not only in allocated, obsolete and hard to find products, but also in a broad range of semiconductor products currently in production, covering most manufacturers and product range. Our extensive network of suppliers, ensures we have access to the broadest range of active and passive components at very competitive prices.

We hold dedicated stocks for customers scheduling requirements and offer value added services, customised inventory control and production procurement.

For more information on how we can assist you further, please contact us
